187. 米饭里的小石头 | Little Stones in the Rice

2026-11-07 · 晒稻谷 Drying rice in the sun

> 父亲在饭里吃到小石头，兄弟俩也说以前吃到过，后面聊起晒稻谷的事。
> The father finds a little stone in his rice, and both boys say they've found stones before too. The conversation then turns to drying rice in the sun.

Speakers: A - 父亲 Father | B - 母亲 Mother

A：我都吃过好几次了，他们都说有石头！
wǒ dōu chī guò hǎo jǐ cì le, tā men dōu shuō yǒu shí tou!
I've bitten into stones in my rice several times already. They both said they've found stones too!

B：以前那个爷爷那里买的才有，这个我不知道。我都没吃到过一次。
yǐ qián nà ge yé yé nà lǐ mǎi de cái yǒu, zhè ge wǒ bù zhī dào. wǒ dōu méi chī dào guò yī cì.
Only the rice we used to buy from that older man had stones in it. I don't know about this rice. I've never bitten into one myself.

A：米怎么可能没有石头，是哇?
mǐ zěn me kě néng méi yǒu shí tou, shì wa?
Rice is bound to have some stones in it, right?

B：正常，晒稻谷时晒在地上，收的时候肯定有。
zhèng cháng, shài dào gǔ shí shài zài dì shàng, shōu de shí hòu kěn dìng yǒu.
That's normal. They spread the rice out on the ground to dry. Stones are bound to get mixed in when they gather it up.

B：那你们老家怎么碾的吗?
nà nǐ men lǎo jiā zěn me niǎn de ma?
So how do they mill the rice back in your hometown?

A：老家暂时没有，可能都没怎么晒了。自家吃的可能才晒。
lǎo jiā zàn shí méi yǒu, kě néng dōu méi zěn me shài le. zì jiā chī de kě néng cái shài.
I haven't found any in the rice from back home so far. Maybe they don't dry it in the sun much anymore. Maybe they only do that with the rice they keep to eat themselves.

B：工厂的不晒啊，烘干?
gōng chǎng de bù shài a, hōng gān?
They don't dry it in the sun at the factory? They use dryers?

A：那些卖的可能收回来就直接卖了，除非遇到台风天太湿了才晒。
nà xiē mài de kě néng shōu huí lái jiù zhí jiē mài le, chú fēi yù dào tái fēng tiān tài shī le cái shài.
Maybe they sell it right after harvesting. They'd only dry it in the sun if it got too wet in a typhoon.

> 稻谷收割后可能不晒就直接卖了。
> The harvested rice may be sold without being dried in the sun first.

A：小时候那些才晒，现在都是自动收割，自动搞那些，可能都不用怎么晒。

xiǎo shí hòu nà xiē cái shài, xiàn zài dōu shì zì dòng shōu gē, zì dòng gǎo nà xiē, kě néng dōu bù yòng zěn me shài.

They used to dry it in the sun when I was little. Now machines do the harvesting and all that. Maybe they don't need to dry it in the sun much anymore.
